## The Original Edison Auto Service

*"If your car won't run - don't cuss, call us!"*

*Serving Lee & Collier County For Over **40 years!***

### *About Us*

Edison Auto Service has been a family-owned business since 1980, dedicated to meeting and exceeding all of your auto and fleet repair needs. Mark Cox's (Owner) 37 plus years in the automotive repair industry is testament to their business goal to offer the best services available at affordable prices and get you back on the road in no time.

Mark still likes to get his hands dirty in the shop; so, when you call most likely you will get Dan. Daniel "Dan" Lewis has 28 years of automotive experience. Mark and Dan have had a great working relationship prior to him becoming a teammate. He's the one to call for preventative and general maintenance as well as scheduling your vehicles. Together they will make your vehicle issues disappear!

Jamie Cox (Mark's daughter) is in charge of our newsletter, social media, advertising, and charitable contributions. Jamie brings professional administrative skills to the team.

Justin Offerman has decades of experience and has been working in the area since high school. He has proven himself a valued member of our team with his extensive knowledge and training and Master ASE Certification. He was also a founding member of Offerman Automotive.

Besides the four of us mentioned above, we also have: John, Brendon, Johnnie, and Javier who have the knowledge to service and repair even the most challenging problems on all makes and models, domestic and import, gas and diesel vehicles. We use the latest technology to assess your situation and guarantee all of our work. With a combined 136 years of experience, we know you'll be happy with our service.

Finding a service provider that has the diagnostic equipment and expertise to repair your vehicle right the first time and do only the repairs that are required can be challenging and time consuming. Our skilled professional staff backed by our personal commitment will have your vehicle operating efficiently and safely at a fair and honest price.

### Associations

## The Original Edison Auto Service

### Our Mission

- We stand on sound business principles.
- We install only the highest quality replacement items.
- We maintain the highest standards of our profession.
- We demonstrate only the highest ethical standards.

### Our Goal

To offer the best services available at affordable prices to get you back on the road in no time.

### Our Guarantee

We use aftermarket parts when available that meet or exceed Original Equipment Manufacturer specification. All of our parts come with a 1 year warranty. Any non-wear parts come with a lifetime warranty.

## 239-778-0611

### *Complete Auto, Van & Truck Fleet Maintenance Service*

With today's high cost of fuel and vehicle downtime, it's more important than ever to have a vehicle service provider that will give your vehicles the immediate attention and fast service they require. That is what our Commercial Fleet Program is all about. We can take care of your diesel or gas engines. We understand the importance of having your vehicles on the road producing revenue. We realize your business concerns about costly downtime. Therefore, we make it our business to help keep your business vehicles running. We will drop your driver off or Uber them back to your office.

### *Preventative Maintenance*

It's more than keeping gas in the tank and changing the engine oil regularly. According to recent studies, 5 percent of all motor vehicle fatalities are clearly caused by automobile maintenance neglect. Simple and inexpensive preventive checks will greatly extend the life of the vehicle, ensure safer operation and even benefit the environment. Preventative maintenance is definitely a win-win situation. Besides helping the environment, a properly maintained and operated vehicle will run more efficiently, will be safer and will last up to 50% longer, according to a survey of ASE-certified Master Auto Technicians.

### *General Maintenance*

If you pay proper attention to your car's general maintenance needs, you will save a lot of time, money and aggravation by avoiding some expensive repairs. As the pace of technology quickens, the procedures required to perform a traditional tune-up changes dramatically. Highly sophisticated ignition and fuel systems are now the norm, using one or more onboard computers to control critical engine and transmission management functions. This requires ongoing training to provide you and your vehicle the latest technical advancements and repair solutions. Remember, how your car runs, how you drive it, how its fluids, old parts and tires are disposed of all have serious consequences on the environment.

**At Edison Auto Service,  
we make it our business  
to help keep your  
business vehicles running.**

## The Original **Edison Auto Service**

### *Certification*

We recognize that rapidly changing vehicle technology requires continuous training. This is why our staff re-qualifies for these distinctions every year with ongoing education and training.

### *FREE Estimates*

No appointment necessary. State-of-the-art equipment is used to ensure accurate services are performed. Our digital inspections can be emailed or texted to our clients.

### *24/7 Towing*

We will arrange the pick-up and safe delivery of your vehicle to our location.

### *Extended Warranties*

We pride our self on being able to work with any extended warranty. You can take advantage of our 136 years of combined experience to help your extended warranty transaction go smoothly.

### *Pick-Up & Drop-Off Service*

We will gladly pick you up and drop you off within the local area if needed.

### *Our Pledge*

*"We are in a service industry that has been damaged by the presence of rip-off artists and unscrupulous operators. We believe the only and right way to do business is to treat every customer the way we would want to be treated." Mark Cox, Owner Operator.*

## Testimonial

Here's what our clients say about us:

*"We've been using Edison Auto's Commercial Fleet Program for the last 20+ years. Their service is great and they always accommodate our needs. Preventative maintenance has saved us thousands of dollars and a lot of down time! I highly recommend their services!"*

**Johnson Engineering**

*Mark and his team at Edison Auto Service have helped us out on several occasions. Their maintenance program and attention to detail has saved us thousands of dollars!*

*I highly recommend their services!*

**J.T.E. Electric**

*I have been using Mark and Edison over for over 18 years. I love the personal service I get. They never try to up sell you and tell you that you need things done when you don't.*

*Completely honest! I love that they will let you know what you are due for on your next visit*  
**Sherry W**

*"With a fleet of over 200 vehicles it is important to us to keep them on the road and running great. The team at Edison Auto Service not only gets our vehicles in and out fast, but do a great job and use only authorized factory parts to keep them under warranty. We would recommend Edison Auto Service for all your vehicle needs!"*

**Conditioned Air**

*Mark has been doing my service and maintenance work for over 10 years. Prompt, efficient and cost effective.*

**Bob H**
